## REYES LEAVES FOR CUBA; QUILTS FIGHT

(Continued from page 1.)

states the work of registration of those entitled to vote has not been carried on.

In Lower California, also, it is doubtful if the conditions are such that the elections can be held.

Except in Chihuahua and Sinaloa, past troubles have had a greater influence in preventing the vote than present conditions. Only in Chihuahua are the conditions such as to present any great difficulty for the central government.

The mere presence of a strong federal force in Sinaloa would restore normal conditions. The Zapata difficulty is practically over and the army already occupying Lower California.

El Diario, a prominent daily of the capital is devoting a large amount of space on its front page each day urging the people to vote for de la Barra for president. The president continually shakes his head and says he appreciates the sentiment, but that he cannot accept under any circumstances.

The full strength of the Catholic party is behind de la Barra for the vice presidency while any new following which "Pino Suarez" may gain through his political junketing will be taken from those who had been numbered in the following of Dr. Francisco Vazquez Gomez. There is more strength to the de la Barra movement than has appeared on the surface and it is known that he would be persona grata even to those Moderno leaders who are working hardest for Pino Suarez.

At a meeting to Guadalajara, it was decided by the party supporting Lie. Jose Lopez Portillo y Rojas, a candidate for governor of the state of Jalisco, to support the Madero-de la Barra ticket.

## MONTEREY STREET CAR MEN STRIKE

Make Demands and Are Told They're Discharged.  
Few Cars Run

Monterey, Mexico, Sept. 28.—For the first time since strikes have become popular in this country Monterey has tied up the street car system in this city. The motormen and conductors of the Monterey street cars are all out in an effort to make the company listen to their demands, which were made last night.

For some time past, the employees claim, the company has made the employees responsible for any breakage or damage done on the cars they run, and were made to pay for things the men claim they were not to blame for, receipts for which the men claim to possess. Another claim made by the strikers is that they were grossly insulted several days ago when four men,

recently employed by the company, were arrested on charges of stealing and selling street car tickets. All the men being searched in public by police and company officials in front of the Colon market.

The men warned the company that if their pay was not raised to 35 cents per hour, and the order forcing them to purchase their uniforms at one place at \$24 a suit, when they could buy elsewhere for \$12, annulled, that they would go out.

The superintendent of the company advised the men that they were discharged and that they might call at the general offices for their time. During the day only one car has been run on each line, there being only 18 men procurable. No efforts at violence have been attempted by the strikers.

Over 100 of the strikers appeared before Mayor Martinez and exposed the alleged illegal receipts in an effort to secure the prompt action of the authorities in their troubles. Gen. Gerardo Trevino was also visited by the strikers, who went to him for advice. It is not known what action Gen. Trevino will take in the matter. The newspapers and the public in general pronounce themselves in sympathy with the strikers.

During the entire day the strikers have remained quiet and the strike breakers who are operating the few cars running have worked unmolested. The hack lines and livery stables have done excellent business today and more people are to be seen walking on the streets than is customary.

## COLQUITT TO HAVE EIGHTY RANGERS

Governor to Use New Ones to Protect Texas Border

Austin, Tex., Sept. 28.—Upon his return to Austin today or Saturday, Governor Colquitt will more than likely take immediate steps for the organization of four state ranger companies of a capacity of 20 men each for the protection of the people and their property in the Brownsville country and along other parts of the Mexican border from Mexican depredations. This is the result of the conference held at Hutchinson, Kans., between the Texas chief executive and President Wm. H. Taft. According to dispatches from Hutchinson, the president is quoted as promising Governor Colquitt that the federal government would bear the expenses of such extra force of state police to patrol and protect Texas along the Mexican border.

This also indicates that it is not the intention of the president to detail federal troops for this patrol duty, but to let the state of Texas handle the situation, and then let the general government reimburse the state for expenditures incidental to the organization and maintenance of such a force of officers. The salary the state will have to pay for these ranges is \$40 a month for enlisted men, \$50 a month for sergeants and \$100 for captains.

Governor Colquitt at one time—during the campaign, of course—advocated the reduction of the ranger force, but recently he has apparently changed his

position and now sees the necessity for maintaining a force that would be able to cope with such depredations as have occurred in the vicinity of Brownsville, Mission and other points in the lower Rio Grande valley.

## PRYCE WILL NOT GO BACK FOR TRIAL

Los Angeles, Cal., Sept. 28.—"Gen." Caryl Ape Pryce, former leader of Mexican insurgents in Lower California, will not have to face charges of robbery, arson and murder in Mexico.

At the conclusion of his hearing on the robbery accusation, United States commissioner Van Dyke said that in his opinion there had been a general revolution in Mexico and that Pryce's acts there would be in furtherance of revolution. Therefore, the United States commissioner said the former insurgent leader's offense was not extraditable. The murder and arson charges, resting on the same evidence, also were dismissed.

That left Pryce free from all charges except that preferred against him by the United States government—violation of the neutrality law.

## FIRST FLOAT FOR JUBILEE STARTED

Elks Begin Preparations For Their Part in the Os-Aple Jubilee

Work has begun on the float which the Elks will enter in the Osage parade, and which is expected to be one of the most elaborate in the procession. Fred Hawitt, who is a contractor and also an Elk, will have the matter in charge. The float will be built in a secluded back yard, and will not be seen even by members of the Elks, outside of the special committee, until the day of the parade.

Many to Be in Auto Parade.

Dr. French S. Cary, chairman of the parade committee of the El Paso Automobile club, has received many applications for cars to be entered in the Osage parade. Up to date about 25 applications have been received and indications are that fully 50 will be in the parade.

The following prizes have so far been announced for the best decorated cars: Auto club, first prize of \$100; Western Motor Supply company, a Claxton horn, second prize; El Paso Rubber company, search light gas tank, third prize. The Christian Automobile company, prize not yet announced, fourth prize. It is also probable that other prizes will be offered.

## HISTORY IS A SCHLEY VINDICATION

New York, Sept. 28.—Admiral Schley's action during the battle of Santiago is vindicated in a history written by Admiral F. E. Chadwick, commander of the English Navy, New York, and Admiral

William T. Sampson's chief of staff at the time of the battle. After that historic struggle, it was charged that Schley ordered his ship, the Brooklyn, out of range toward cowardice and returned to the harbor. The charge was refuted by the fact that the disabled Spanish squadron after the fight was practically over. Admiral Chadwick characterizes the famous "loophole" of the Brooklyn as a "fine naval maneuver."

Juan Gaudara, charged with burglary, held to grand jury under \$300 bond.

## DEMING AND MIMBRES VALLEY

### LOANS IN MIMBRES VALLEY HASTEN DEVELOPMENT; DEMING PEOPLE WILL ATTEND STATEHOOD JUBILEE

Deming, N. M., Sept. 28.—The Pacific Mutual Life Insurance company has recently loaned a considerable sum of money upon Mimbres valley lands for actual development work, and according to F. B. Schwentker, agent for the company in New Mexico, who is now in Deming, it is quite likely that his company will enter this field with still more money for development purposes.

The Pacific Mutual has now about \$300,000 loaned in New Mexico, and most of this is on farm property and the bulk of it is placed in the Pecos valley. Not long ago a loan was made for the development of a tract near Deming, and it is understood that Lee A. Phillips, financial supervisor for the company, will visit Deming with a view to looking upon some pending loans and looking into Mimbres valley lands generally.

Seven percent money for actual development work means a great hastening of the development that is now taking place in the vicinity of Deming, and Mr. Schwentker, who is now here, does not hesitate to say that he considers Deming lands as good security as can be found anywhere. Mr. Schwentker, who was last year president of the

The Deming office of the El Paso Herald is in the Chamber of Commerce. Roy Belichek is agent and correspondent.

A literary society of the young women of the high school has been organized with the following officers: May Clifford, president; Edna Mott, secretary; May Wright, treasurer; Florence Amant, editor; committee on new members, Louise Hodgdon, May Wright, Elsie Crotchett, program committee, Carrie Steel, Bessie Comer, Edna Watkins, committee on name, Helen Swopes, Margaret Randolph, Ruby Trautman; constitution committee, Ida Holiday, Elsie Crotchett, Ruth Merrill. The society will meet on the second and fourth Tuesdays of each month.

The judicial convention for Grant and Luna counties, which comprises a judicial district, will be held in Silver City, October 7.

The First Baptist church here has not employed a pastor. The statement to that effect was erroneous, as no pastor has as yet been engaged.

There was born to Edgar Hepp and wife on Wednesday night an eight pound boy.

## RAPID FARM GROWTH IS REPORTED IN NEW MEXICO

Increase in the Number and Value of Cattle, Sheep, Hogs and Poultry Also.

## TERRITORY GROWS FAST IN 10 YEARS

Washington, D. C., Sept. 28.—Statistics relative to the domestic animals, poultry and bees reported on farms and ranches for the territory of New Mexico at the thirty-third census, are contained in an official statement issued today by census director Bureau.

An increase of \$1,245,000, the aggregate value of all domestic animals, poultry and bees reported in 1910 was about \$42,573,000, as compared with \$41,328,000 in 1900, the amount of increase being \$1,245,000, and the rate 3.04 percent.

The aggregate value of domestic animals was reported as \$42,573,000 in 1910, as against \$41,328,000 in 1900, the increase amounting to \$1,245,000, or 3.04 percent.

The poultry were valued at \$256,500 in 1910, as compared with \$242,400 in 1900, the gain being \$14,100, or 5.81 percent.

The bees were valued at \$46,300 in 1910, and \$23,700 in 1900, an increase of \$22,600, or 95.3 percent.

Increases of Domestic Animals.

Cattle had a greater value than any other class of domestic animals, both in 1910 and 1900. Their total value in 1910 was \$26,245,000, while in 1900 it was \$27,275,000, an increase of 12.5 percent.

The total value of sheep and lambs in 1910 was \$11,988,000, as compared with \$10,644,000 in 1900; an increase of 12.6 percent. Next in order in 1910 were horses and colts, with a total value of \$7,736,000, as compared with \$5,230,000 in 1900, an increase amounting to 47.8 percent. The total value of mules and colts in 1910 was \$55,000, while in 1900 it was \$133,000; an increase of 59.3 percent.

The total number of farms in the territory in 1910 was 25,942.

The total number of cattle reported in 1910 was 1,072,656. Of these, 51,209 were dairy cows, the total value of which was \$1,700,000, and the average value \$32.30. The number of farms reporting dairy cows was 15,799, or 45.1 percent of the total number of farms in the territory.

The total number of sheep and lambs reported for 1910 was 3,564,012. Of these, 2,104,292 were mature ewes, born before 1910, and their total value was \$9,021,000, or an average of \$2.91.

The total number of horses and colts reported in 1910 was 175,835. Of these, 135,340 were classified by the census as mature horses—that is, horses born before 1900—and their value was \$7,002,000, and average value \$50.32.

The summary on poultry shows that the total number of farms reporting the different kinds in 1910 was 19,549; the total number of fowls being 531,625, and the total value \$156,000.

Of the whole number of farms in the territory, those returning chickens were 55.6 percent; turkeys, 4.5 percent; ducks, 1.6 percent; geese, 0.4 percent; less than one-tenth of 1 percent the number of New Mexico farms reporting poultry increased 12.84, or 25.1 percent, and the value increased 110.8 percent. The total number of fowls increased 22.1 percent.

The number of farms reporting bees increased from 410 in 1900 to 418 in 1910, or 2 percent. The colonies of bees increased from 1164 to 19,952, or 63.1 percent, and the value increased from \$20,800 to \$46,300, or 122.6 percent.

The relative increase in value of bees is double that in the number of colonies.

THREE PEANUT FACTORIES IN TEXAS; PEANUTS AT ABILENE

Austin, Texas, Sept. 28.—The department of agriculture has been advised by one of its correspondents that a peanut factory is now in course of construction at Mansfield, Tarrant county. Inquiry developed that this is the third factory of this kind now in the
